

Course Description/Rationale/Overview: This course emphasizes the extension of mathematical knowledge and skills to prepare students for success in their everyday lives, in the workplace, and in the Grade 11 and Grade 12 Mathematics Workplace Preparation Courses.

Class Requirements:

Materials/textbooks/equipment

A calculator, binder, paper, writing utensils and ruler are required daily.

(a) Missed Tests and Late Assignments

Students are to be present for test dates. There must be a verified, valid reason when a test is missed. The teacher may provide an alternative opportunity for testing or record an "absent" for that test.

All summative assignments will have a clear *Due Date*. Assignments that are handed after the *Due Date* will be accepted and assessed by the teacher if submitted prior to the *Deadline*. The *Deadline* is defined as the class period in which that graded assignment is returned to the class, unless there are extenuating circumstances.

For the mid-term report, no mark will be recorded for a verified missed summative assignment. Where a student has not submitted enough work for the teacher to determine the student's level of achievement the report card will indicate that the student's work is incomplete and no grade will be assigned.

At the semester end, where summative assessments are incomplete, a mark of zero may be assigned and used to calculate the student's final grade.

(0) Assessment Strategies

Diagnostic Test

- during first week of class to assure proper placement in mathematics

Formative and Summative

- in class questions and answers, discussions, debate

- weekly quizzes, weekly tests, daily assignments/projects/presentations, portfolios, culminating task and the final exam

Peer Assessment

Achievement Categories

Knowledge/Understanding	50%
Thinking/Inquiry	20%
Communication	15%
Application	15%

Curriculum strands:

- Money Sense
- Measurement
- Proportional Reasoning

Learning Skills:

- Works Independently
- Team work
- Organization
- Work Habits
- Initiative

Evaluation

The semester's work will be based on:

The year's work will be based on the following assessment tools that will include one or more of the following to meet the overall percentages established for each category:

- Quizzes
- Tests
- Assignments
- Projects
- Presentations

FINAL MARK

Semester's Work: 70%

Final Summative Evaluation: 30%

Culminating Task	10%
Exam	20%
