

### **Geography of Canada, Grade 9 Applied (CGC1P)**

This course focuses on geographic issues that affect Canadians today. Students will draw on personal and everyday experiences as they learn about Canada's distinct and changing character and the natural and human systems and global influences that shape the country. Students will use a variety of geotechnologies and inquiry and communication methods to examine practical geographic questions and communicate their findings. *All schools*

### **Geography of Canada, Grade 9 Academic (CGC1D)**

This course explores Canada's distinct and changing character and the geographic systems and relationships that shape it. Students will investigate the interactions of natural and human systems within Canada, as well as Canada's economic, cultural, and environmental connections to other countries. Students will use a variety of geotechnologies and inquiry and communication methods to analyse and evaluate geographic issues and present their findings. *All schools except Alexander Henry. Also offered as part of the French Immersion Program at Elliot Lake and SJD.*
